# ABOUT MANIPAL

Manipal is a suburb and university town within Udupi, in coastal Karnataka, India. Located five kilometres away from the centre of Udupi City, it commands a panoramic view of the Arabian Sea to the west and the Western Ghats to the east. The name derives from “Mann” and “palla”, where Manipal originates. Mann means “mud”, and palla means “lake” in the Tulu language. What once was a barren hill is now home to the Manipal Academy of Higher Education, one of the country's most prominent institutions of eminence and deemed University. The sprawling University towns attract more than twenty-eight thousand students from 57 nations.

Life in Manipal is nothing short of a vibrancy. Enjoy a breathtaking sunset from End-point or take an evening stroll near Manipal Lake. Have a fun day with friends at Malpe Beach, with its serene views and numerous recreational activities.

Feeling sporty? Check out MARENA- a six-level state-of-the-art sports facility. Manipal also boasts various food options, from multinational food joints, quaint cafes to local eateries.
